

TMS INTERNATIONAL RECEIVES 48 NSA SAFETY AWARDS

PITTSBURGH, October 3, 2019 – TMS International’s sites in the United States and Canada received a total of 48 Safety Awards from the National Slag Association (NSA) for 2018, the most of any steel mill services company.

The NSA Safety Awards recognize superior performance as measured against Occupational Safety and Health Administration (OSHA) recordable injury rates. The awards were presented to the Company during the NSA’s annual meeting held in Pensacola, FL on September 19.

“TMS is honored to receive these prestigious awards,” said Raymond Kalouche, President and CEO. “The Company has no greater priority than the safety and security of its employees, customers, facilities and the communities in which we operate. These awards are well deserved and recognition of the safety first culture throughout our Company. I am extremely proud of all our colleagues and congratulate them for being recognized for their dedication and commitment to safety.”

The Company’s operation in Norfolk, Nebraska received the award for “2018 Most Improved Job Sites for Safety.”

U.S. operations that received safety awards for “Job Sites that have Exceeded 200,000 Hours Since Last Recordable Incident” were: **Arkansas** – Osceola; **Indiana** – Gary Scarfing; **Michigan** – River Rouge; **Ohio** – Middletown Scarfing; **Pennsylvania** – Glassport/Horsham; **Texas** – Jewett.

U.S. operations receiving safety awards for “Zero Recordable Injuries” for employees were: **Alabama**: Birmingham, Fairfield; **Arkansas**: Ft. Smith, Osceola; **Arizona**: Mesa; **Kentucky**: Rush; **Illinois**: Bourbonnais, Granite City, Peoria; **Indiana**: Burns Harbor, East Chicago-Scarfing and Slab Hauling, Gary –

About TMS International

TMS International (TMS) is the largest provider of outsourced industrial services to steel mills in North America as measured by revenue and has a substantial and growing international presence. TMS’ services are critical to its customers’ 24-hour-a-day operations, enabling them to generate substantial operational efficiencies and cost savings, while focusing on their core business of steel making. TMS processes slag products into aggregates suitable for use in many construction projects. In addition, TMS recycles other mill by-products for beneficial re-use thereby reducing the amount of waste a mill needs to dispose of. Since 1926, TMS has established long-standing customer relationships and currently serves some of the largest steel producers in the world. For additional information, visit the company’s website at www.tmsinternational.com.
